whitepress®

UK & Ireland Wire Press Release

One release distributed to UK and Irish newsrooms, wires and financial terminals in a single run.

WHAT YOU GET

- One publication plus syndication across the UK and Ireland circuit, average syndications per articles is 40.
- Distribution through the Press Association wire
- A single branded link per article, plus one revision round
- You supply the copy, up to 500 words
- Minimum syndication guaranteed on 20 sites

WHERE IT APPEARS

The GlobeNewswire UK and Ireland circuit: terminals and databases including Bloomberg, Refinitiv, FactSet, LexisNexis and Dow Jones Factiva, alongside national and regional media from the Financial Times and The Telegraph to the Irish Times and RTÉ. Full list of websites available here.

WHAT THIS DOES

Puts your announcement in front of UK and Irish business desks, newswires and the professional information systems that analysts and journalists actually monitor.

WHAT THIS DOESN'T DO

Links are tagged nofollow and copy is not written for you. The circuit guarantees distribution, not placement, because each outlet makes its own editorial decision.

Timeline: confirmed at booking
